# SHREE AMBLE

Building Dynamic Websites & Digital Solutions | Innovator | Front-  
End Developer

Bengaluru, Karnataka, India

## Summary

I am a passionate web developer dedicated to crafting innovative and user-centric digital experiences. With a strong foundation in modern web development techniques, including # responsive design, ## interactive functionality, front-end optimization, and CMS integration, I strive to create websites that enhance brand identity and drive user engagement. My goal is to transform creative ideas into high-performing web solutions while ensuring seamless functionality and exceptional user satisfaction. I stay updated with the latest web technologies and design trends to deliver outstanding results for every project.

---

## Experience

### Techwave Developers

Founder

August 2024 - July 2026 (2 years)

Bengaluru

As the Founder of TechWave Developers, I lead a digital solutions agency specializing in web development, custom software, graphic design, and creative content. I work closely with clients to transform ideas into high-performing digital products that are fast, scalable, and brand-focused.

### Key Responsibilities & Achievements:

Founded and manage a full-service digital agency

Deliver custom websites and software solutions

Lead graphic design projects (logos, brochures, pamphlets)

Oversee video editing and creative content production

Collaborate with entrepreneurs and growing brands to build strong digital presence

Ensure responsive design, performance optimization, and client satisfaction

### Oasis Infobyte

#### Python Programming

June 2024 - August 2024 (3 months)

Bengaluru, Karnataka, India

During my Python programming internship, I gained hands-on experience in developing, testing, and deploying Python-based applications. My responsibilities included writing clean and efficient code, debugging and troubleshooting issues, and collaborating with senior developers on various projects. I worked with libraries like NumPy, pandas, and Flask, enhancing my skills in data manipulation, web development, and API integration. I also contributed to optimizing code performance and writing documentation. This internship helped me strengthen my problem-solving skills and gain practical experience in real-world Python applications.

### Internshala Trainings

#### ISP (Internshala Student Partner)

May 2024 - August 2024 (4 months)

Bengaluru, Karnataka, India

As a part-time lecturer at Internshala, I was responsible for delivering high-quality online lectures, mentoring students, and designing course materials tailored to various skill levels. I guided learners through complex topics, provided hands-on assignments, and offered personalized feedback to ensure concept clarity. My role also involved curating engaging content and helping students navigate real-world problems by applying theoretical knowledge. This experience enhanced my communication, teaching, and time-management skills, as well as my ability to break down intricate concepts into digestible formats for diverse audiences.

### CodSoft

#### Frontend Web Developer

April 2024 - May 2024 (2 months)

Bengaluru, Karnataka, India

I had the opportunity to complete a Web Development internship at Cod Soft, where I worked on building dynamic and responsive websites. I honed my skills in HTML, CSS, JavaScript, and various frameworks, contributing to

real-world projects that enhanced user experience and functionality. This experience significantly strengthened my ability to create user-friendly web applications and deepened my understanding of front-end and back-end development.

## Intervue.io

Sales Development Representative intern

February 2023 - June 2023 (5 months)

Bengaluru, Karnataka, India

During my Sales Development internship at Intervue.io, I gained valuable experience in lead generation, outreach, and nurturing client relationships. I worked closely with the sales team to identify key prospects, streamline the sales funnel, and contribute to the company's growth. This role helped me enhance my communication, research, and strategic selling skills, equipping me to thrive in fast-paced sales environments.
